Mr. Greg Kenney  
Vice President, Engineering & Construction  
East Tennessee Natural Gas, LLC, Northeastern Tennessee Project (NET)  
5400 Westheimer Court  
Houston, TX 77056

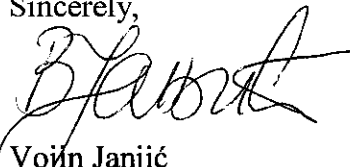

Subject: **NPDES Permit No. TN0081183**  
**East Tennessee Natural Gas, LLC, Northeastern Tennessee Project (NET)**  
**Greene, Hawkins, Washington, and Sullivan Counties, Tennessee**

Dear Mr. Kenney:

The Division of Water Pollution Control (division) received notices on May 6, 2011 and May 26, 2011, informing the division of the need for additional temporary workspaces (ATWS) on the John Sevier Mainline Extension and Flatwoods Loop of the Northeastern Tennessee Project. These notices stated that the ATWS would not result in a new pollutant source; change the nature or increase the quantity of pollutants discharged; or result in a new direct discharge to a water of the state. Under these conditions, the division has determined that a permit modification is not necessary. The submitted documentation will become part of the file. In the future, should ATWS be needed, you should notify the division in advance and submit a list of the ATWS, revised SWPPP pages, and updated site maps.

If you have questions, please contact the division at the Johnson City Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Ms. Erin O'Brien at (615) 253-2245 or by E-mail at *Erin.O'Brien@tn.gov*.

Sincerely,

  
Vojin Janjic  
Manager, Permit Section
